

# SATURDAY AGENDA

## Option 1: Full-Day ENVISION Training Workshop

Hosted by the City We Want Coalition and the Institute for Sustainable Infrastructure, this training workshop will provide you with the knowledge and skills necessary to take and pass the ENVISION certification and become an ENVISION Sustainability Professional (ENV SP). Find out more here. Scholarships may be available to support the training costs, and those who register for both the Symposium on Friday and the workshops on Saturday will receive a 10% discount off the cost of the workshop.

**Location:** Room 3301 (300W) - 3rd floor – to the left as you leave the elevators and then left again around the first corner.

## Option 2: City We Want Coalition Meeting

We've spent a day discussing and brainstorming how to create the City We Want--now it's time to dig in and do the work. The City We Want Coalition is an outgrowth of this conversation and exists as a working group of professional interested in actually getting things done, not just talking ideas. Please come to learn more about how you can get involved and help make the City We Want a reality. This meeting is free and open to anyone who came to the Symposium on Friday.

**Location:** Room 2005 - 2nd floor – to the left as you leave the elevators.
